

## Industrial Grade Mini PC/i5 10210U 8G DDR4 500G SSD

YM-501

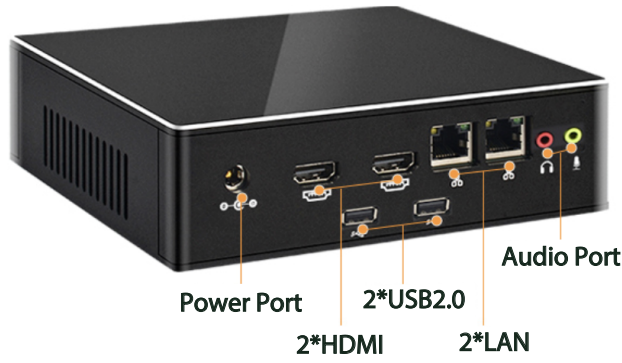

## Features

- ▼ Full aluminum alloy casing with intelligent temperature-controlled fan for cooling.
- ▼ Supports diskless booting, power-on boot, network wake-up, and automatic timed power on/off.
- ▼ Compact size, flexible and compact installation.
- ▼ 4K HD, dual gigabit Ethernet ports, 8 USB ports.
- ▼ Integrated Intel® Core™ 7th/8th/10th Gen processors.
- ▼ Supports WIFI and 4G module for wireless internet.

## Specification

NAME	YM-501
Processor	Intel® Celeron 5205, Intel® Core™ 7th/8th/10th Gen processors.
Memory	1*SO-DIMM DDR4 dual-channel memory slot, supports up to 32GB.
Storage	1*M.2 solid-state drive interface (depending on the CPU).
Graphics	Integrated Intel® HD series graphics core.
Networking	2*RTL8111G/H gigabit network cards, 1*MINI-PCIE interface supports 2.4G/5G WIFI communication.
Audio	Realtek ALC chip.
Display Interfaces	4*USB3.0, 4*USB2.0, power interface, 2*network interfaces, HDMI audio interface, 2*WiFi interfaces.
System	Supports Windows 7/8/10, Linux, etc.
BIOS	Supports power-on boot, timed power-on, network wake-up, diskless boot.
Physical Dimensions	Desktop or wall-mounted.
Operating Temperature	0°C to 70°C.
Chassis Color	Black (customizable for large orders).
Power Supply	External power adapter, input AC 220V, output DC 19V/12V.
