Freestanding Digital Standee

GA4K01

Timing switch function, Split screen, 4K Ultra HD screen

Features

▼ Tempered Glass Protection

The screen uses 4mm of fully tempered, high-explosion-proof glass to ensure the safety of freestanding digital signage.

▼ Intelligent Display

It supports splitting the screen into multiple windows with different content being reproduced in each of them

▼ Built-in Timer

The eco-friendly timer allows to assign daily or weekly on and off times for your screen

▼ Screen Rotation

Supports 0˚, 90˚, 180˚, and 270˚ rotation.

▼ 24/7 Commercial Grade

Designed for use in commercial applications, this screen can run 24/7. All connectors have been locked to avoid tampering.

▼ Castor Wheels

Designed with wheels for easy moving around, once the kiosk is in position, the wheels can be locked.

▼ Cloud Bases CMS Upgrade

The player could be upgraded to network CMS to manage the player at any time in any place with the internet.
▼ 4K Display Upgrade

Upgraded to 4K UHD resolution display.

High Definition Display

High efficiency and energy saving. 4K Ultra HD LCD screen with bright colors.

Tempered Glass Protection

The screen uses 4mm of fully tempered, high-explosion-proof glass to ensure the safety of freestanding digital signage.

DRIGER®

24/7 Commercial Grade

Designed for use in commercial applications this screen can run 24/7. Eco-friendly timer allows to assign daily or weekly on and off times for your screen.
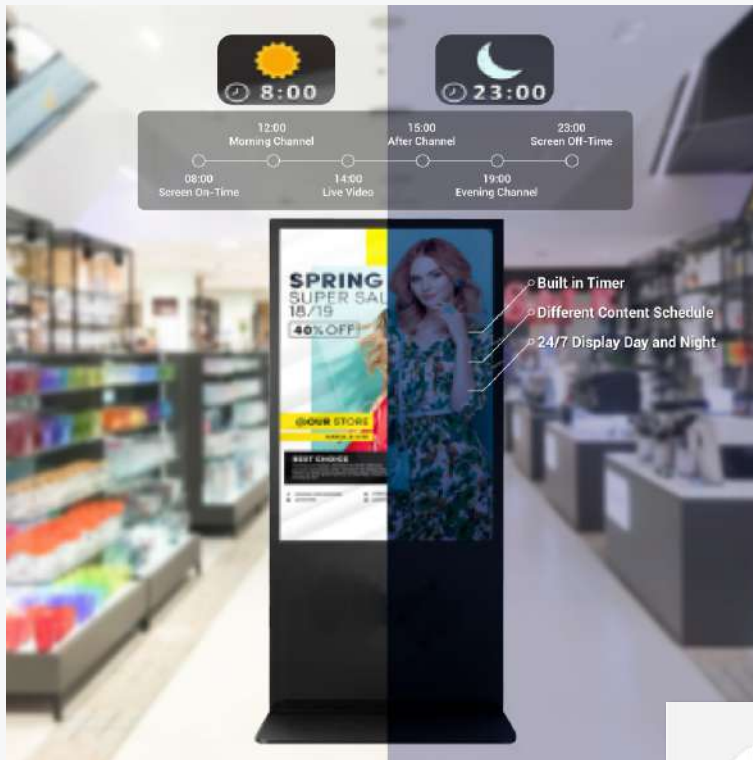

Attention-Grabbing Brand Showcase

Stand out with a customized logo and be heard with built-in speakers. Durable castor wheels offers mobility to adjust for optimal visibility.

Ultra-wide Angle

Achieving ultimate lifelike colour from an ultra-wide viewing angle in portrait orientation.
Cloud Based CMS

Player can be upgraded with a Cloud CMS to allow intuitive and convenient content management anytime, anywhere with internet access.

* CMS needs to be purchased separately.

CMS Flexibility

Fully utilize the screen square footage by dividing the screen to highlight various contents and manage playlist scheduling.

** CMS needs to be purchased separately.*
